ABOUT VIRTUOSO

ELECTRIFYING STRINGS

The Maestro who traded the concert hall for the rock stage, mesmerized global audiences with a fresh take on all-time Poprock Hits.

Embark on a genre-defying journey that fuses classical mastery with contemporary vibes, blending orchestral elegance with electric energy.

Virtuoso redefines 'exceptional' – having graced dignitaries such as Popes, Kings, and Presidents, and embarked on adrenaline-pumping feats like performing while skydiving, on a rollercoaster, and underwater, Virtuoso concerts are a guarantee for a standing ovation. The audience becomes part of the show, singing and dancing to timeless Pop & Rock anthems, as lyrics splash across screens, complimented by VJ artistry and playful props handed to the audience.

Experience Virtuoso - where extraordinary is the new standard!
